

Jie Liu

Mobile phone: 18616268861 E-mail: daicoolb@outlook.com

Belief: Maybe not Good but Studious

Interest: **Machine Learning / Recommender System / Deep learning / Semantic Segmentation**

Personal wiki: <http://www.daicoolb.ml/>

• Position

1. Data Engineer 2. Software Engineer

• Education

2016.9-2019.3	Software Engineer M.S	Shanghai Jiao Tong University
2012.9-2016.6	The Internet of Things B.S	Hunan University
	Pacemaker to Merit Student (once)	1/2000
	National scholarship for excellent student (twice)	top 3%
	National Endeavor Fellowship for excellent student (once)	top 5%

• Technological Experience

2017.8-2017.12	Intel Deep learning Intern (Asia)	core member
	Semantic Segmentation (Faster RCNN/ FCN / ICNET / Mask R CNN, etc)	
	Django background	
2016.7-2016.11	XiangYin APP (www.xy360.net)	core member
	·Be familiar with Linux Shell, Finished auto printing with Linux	
	·Be familiar with Andriod structure and function/object model	
	·Use SocketIO as the message framework	
2016.3-2016.7	Building Information Model (bim.sjtu.edu.cn)	core member
	·OSG、Boost	
	·Use QT framework to build BIM 2.0 (C++)	
2014.6-2016.6	Smart music terminal by Edison / CC3200	
	·Smart shop system by RealSense	
	·First price in the 11th bo gen cup national university students embedded design Competition in Wuhan	

• Social Experience

- Assist my mentor to supervise the grade
- Class president
- President of student union
- The graduate student office help

• Skill

- CET-6 Pass (junior)
- **Good at reading/writing/communicating in English**
- Master C++ / **Java** / **Pyhton** / Shell
- **Be active and have the passion in working**
