Jie Liu

Mobile phone: 18616268861   E-mail: daicoolb@outlook.com

Belief: Maybe not Good but Studious

Interest: **Data Mining / Recommender System**   Github: http://beili.ml/

• Position

1. Data Engineer   2. Software Engineer

• Education

2016.9-2019.3	**Software Engineer** M.S	Shanghai Jiao Tong University
2012.9-2016.6	**The Internet of Things** B.S	Hunan Unversity
	Pacemaker to Merit Student (once)	**1/2000**
	National scholarship for excellent student (twice)	top 3%
	National Endeavor Fellowship for excellent student (once)	top 5%

• Technological Experience

2016.7-2016.11	**XiangYin APP (www.xy360.net)**	core member
	·Be familiar with Linux Shell	
	·Be familiar with Andriod structure and function/object model	
	·Study Retrofit2 RxJava SocketIO	
	·Finished auto printing with Linux	
2016.3-2016.7	**Building Information Model(bim.sjtu.edu.cn)**	core member
	·Read OSG、Boost opensource code	
	·Use QT framework to build BIM 2.0	
	·Finished migrating the BIM 1.0 into BIM 2.0	
	·Be interested in C++, studying them by myself	
2012.6-2016	·Second price in Mathematical Contest in Modeling in Hunan University	
	·Smart music terminal by Edison / CC3200	
	·Smart shop system by RealSense	

·**First price in the 11th bo gen cup national university students embedded design Competition in Wuhan**

·Social Experience

• Assist my mentor to supervise the grade
• Class president
• President of student union
• The graduate student office help

·Skill

• CET-6 Pass (junior)
• **Good at reading/writing/communicating in English**
• Master C++ / Java / Pyhton / R / Shell
• Be familiar with Android Structure and Linux Shell
• **Be active and have the passion in working**
